

# JETP

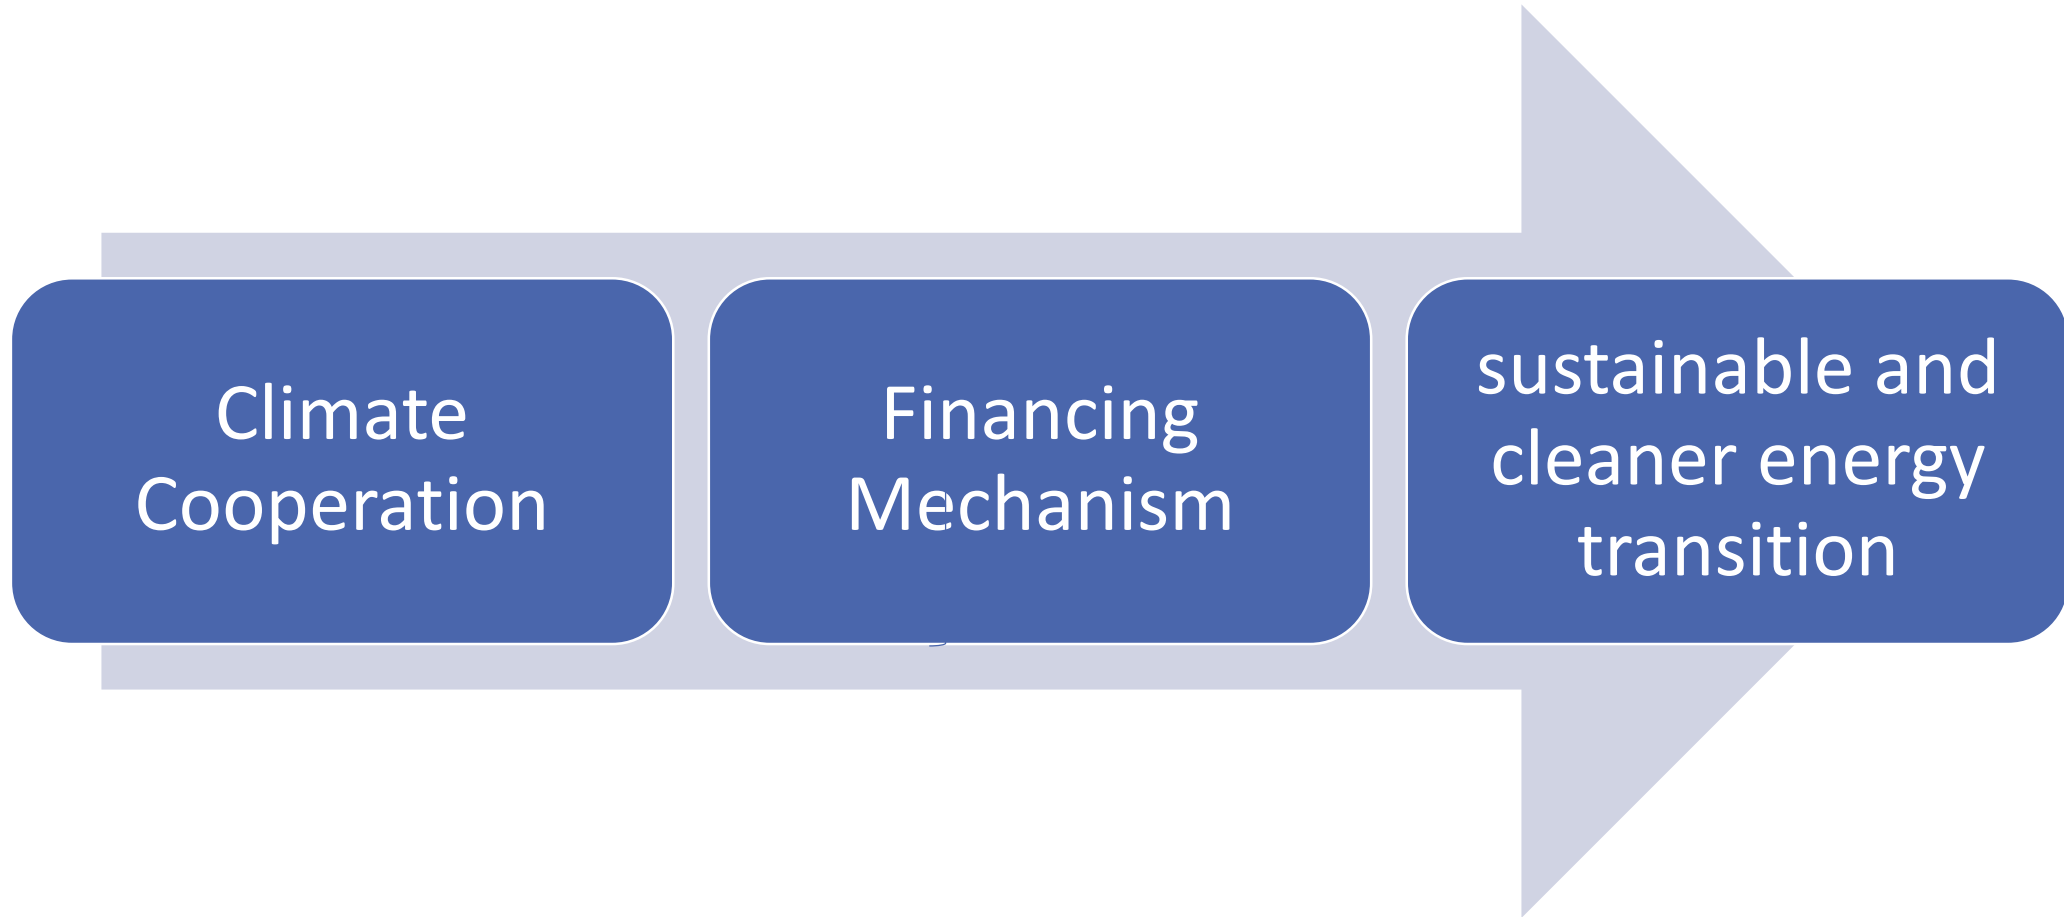

Just Energy Transition Partnership

REBUMAT Workshop 05.09.24

Hamburg HCU

Dr. Susanne My Giang (Europa-Kolleg Hamburg)

# JETP Just Energy Transition Partnership

## **JETP Just Energy Transition Partnership**

- Cooperation between: recipient country, IPG and GFANZ
- Minilateral Agreement
- Social and environmental justice are central

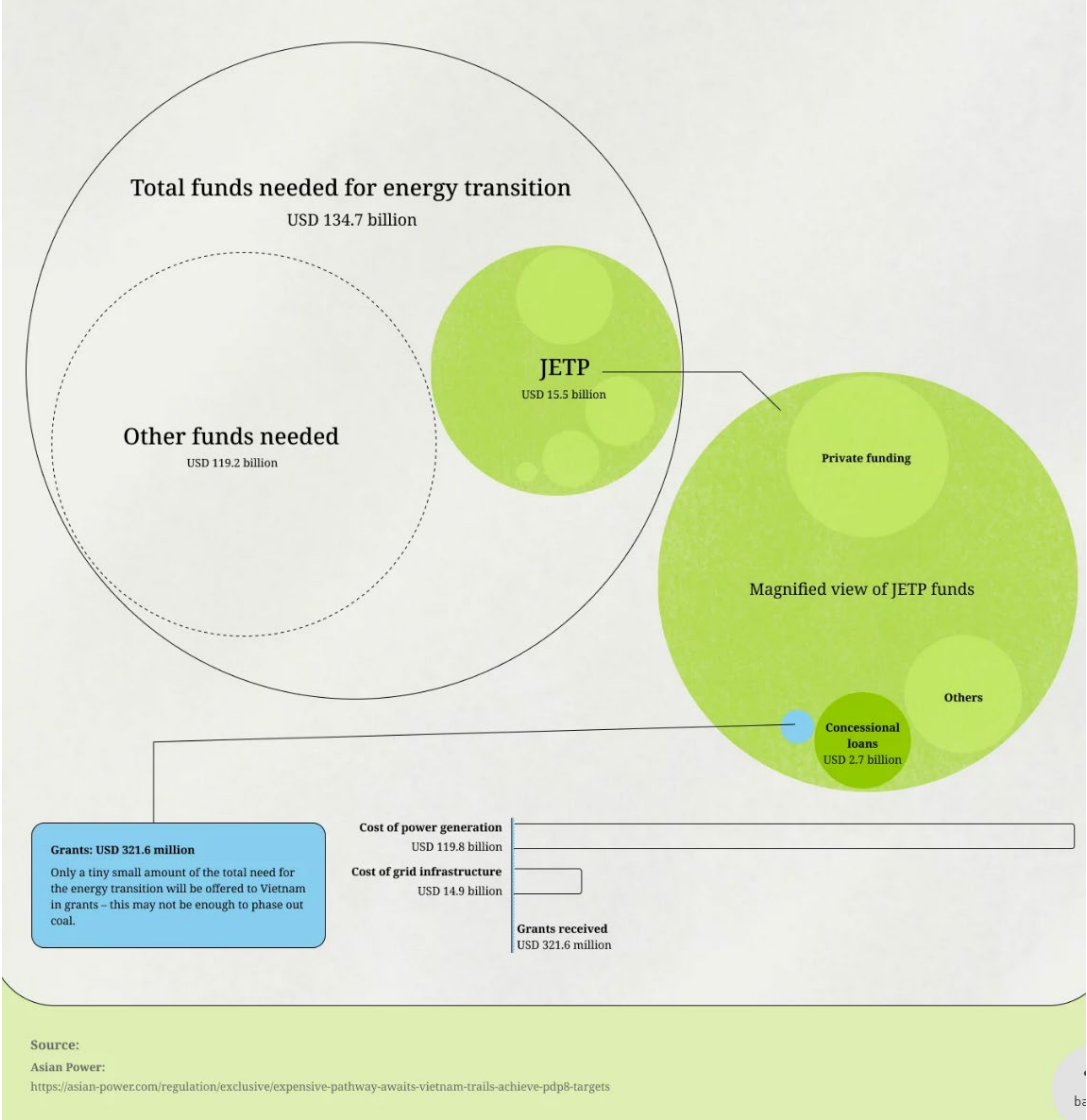

# JETP Just Energy Transition Partnership

- First presentation in 2021 at COP26
  1. South Africa
  2. Indonesia
  3. Vietnam
  4. Senegal
- Philippines and India (candidates)

## JETP Vietnam

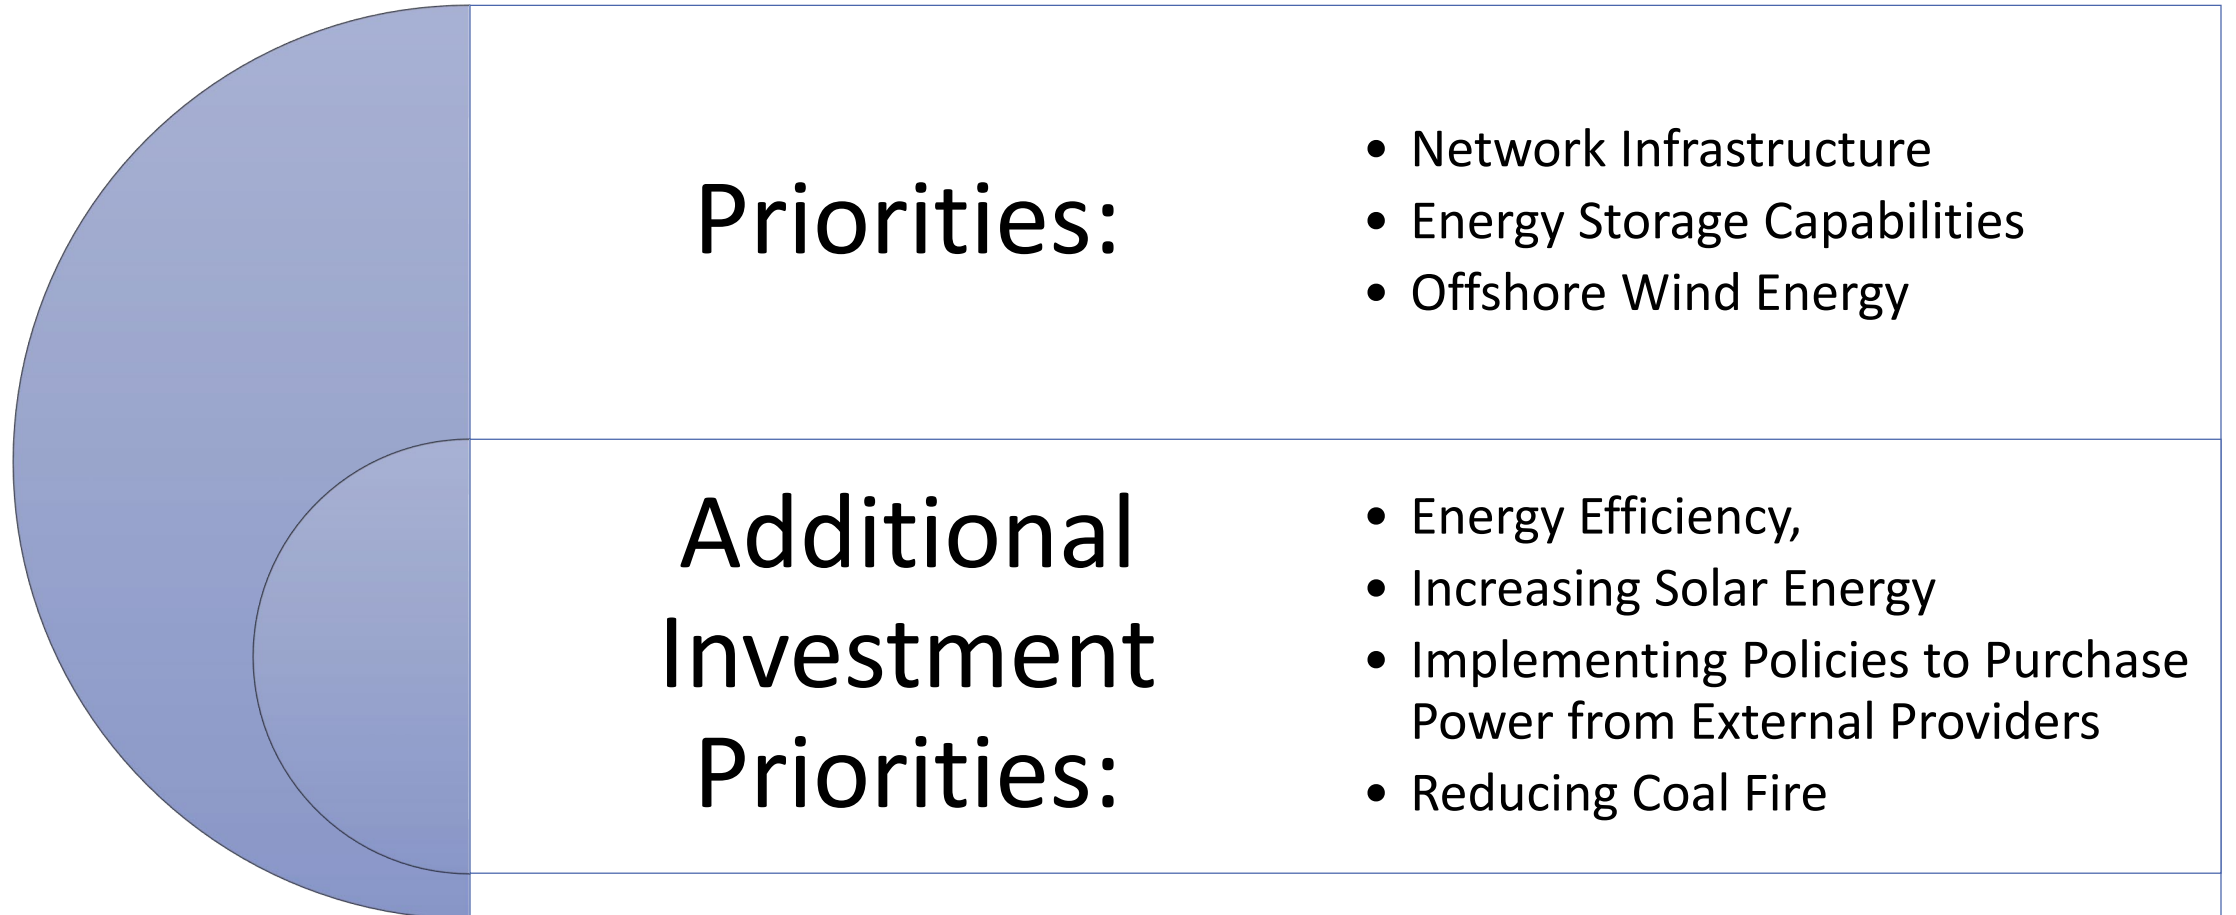

- USD 15.5 billion will be invested in the period of 2023 to 2030
- 50% will be provided from public funds on favourable terms for financing energy transition projects
- 50% will be private investments made at normal market conditions

# JETP-VN Funding Composition

# Ressource Mobilisation Plan Vietnam

400 possible projects

## JETP Challenges

- Projects are not concrete
  - JET-IP the Just Energy Transition - Investment Plans are not clear
  - non state actors have less ability to take part
- 
- Indonesia has published the CIPP online
  - Open for public comments
  - Living document

## **JETP & sustainable construction**

- Focus is mainly energy transition
  - the area of sustainable construction is closely linked to energy efficiency and emissions reduction
  - Energy efficient building designs and materials
  - Integration of renewable energy technologies
  - Improving insulation
- Non concrete projects can be a chance
